

FY2022 FEDERAL ENERGY EFFICIENCY PROGRAMS

Budget Request vs. House and Senate Appropriations
(Thousands of dollars)

Program Highlights	FY20 Enacted	FY21 Enacted	FY22 Senate	FY22 House	FY22 Budget Request vs. FY21
Department of Energy, Office of Energy Efficiency & Renewable Energy					
Building Technologies	285,000	290,000	382,000	350,000	382,000 (+31.7%)
Equipment & Building Standards	55,000	55,000	62,000	60,000	-
Building Energy Codes	10,000	10,000	20,000	10,000	-
Building-to-Grid Integration	-	30,000	-	50,000	-
Residential Buildings Integration	40,000	40,000	72,000	60,000	-
Commercial Buildings Integration	140,000	140,000	72,000	60,000	-
Emerging Technologies/Building Energy R&D	50,000	50,000	-	-	-
Advanced Manufacturing	395,000	396,000	560,500	500,000	550,500 (+39.0%)
CHP Technical Assistance	45,000	45,000	12,000	13,000	-
Vehicle Technologies	396,000	400,000	553,114	530,000	595,000 (+48.8%)
Federal Energy Management Program	40,000	40,000	60,000	60,000	438,150 (+995.3%)
State Energy Program Grants	62,500	62,500	70,000	70,000	62,500 (0%)
Build Back Better Challenge Grants	-	-	20,000	100,000	300,000 (New)
Local Gov't Clean Energy Workforce	-	-	20,000	20,000	25,000 (New)
Weatherization Assistance Program	308,500	310,000	375,000	375,000	390,000 (+25.8%)
Training & Technical Assistance	-	5,000	8,000	8,000	10,000
Weatherization Readiness	-	-	15,000	21,000	21,000 (New)
American Jobs Plan Grants	-	-	-	-	3,500,000
EECBGP	-	-	-	-	4,000,000
HOPE for Homes	-	-	-	-	2,000,000
Related DOE Programs					
ARPA-Energy	425,000	427,000	500,000	600,000	500,000 (+17.1%)
ARPA-Climate	N/A	N/A	0	0	200,000 (New)
Energy Information Administration	126,800	126,800	129,087	129,087	126,800 (0%)
